8. TRADING POLICIES AND PROCEDURES

Placing of instructions

You may give us instructions in electronic form through the Company's Online Trading System (Platform). If any instructions are received by us through electronic means or other medium we may ask you to confirm such instructions in writing. We shall be authorised to follow instructions notwithstanding your failure to confirm them in writing. In this Agreement "instructions" and "orders" have the same meaning.

Types of Orders Accepted

Some of the types of orders the Company accepts include, but are not limited to:

- a. Good till Cancelled ("GTC")-** An order (other than a market order), that by its terms is effective until filled or cancelled by Customer. GTC Orders do not automatically cancel at the end of the Business Day on which they are placed.
- b. Limit-** An order (other than a market order) to buy or sell the identified market at a specified price. A limit order to buy generally will be executed when the ask price equals or falls below the bid price that you specify in the limit order. A limit order to sell generally will be executed when the bid

price equals or exceeds the ask price that you specify in the limit order.

- c. **Stop Loss-** A stop loss order is an instruction to buy or sell a market at a price which is worse than the opening price of an open position (or worse than the prevailing price when applying the stop loss order to an already open position). It can be used to help protect against losses. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the stop loss order and as such, stop loss orders are not guaranteed to take effect at the price for which they are set.
- d. **Trailing Stop-** A trailing stop is the same as a stop loss order with the only difference being that, instead of setting a price at which the order is activated, the trailing stop order is activated at a fixed distance from the market price. For example, if Customer has purchased a long open position and the market ask price increases, the trailing stop price will also increase and will trail behind the market ask price at the fixed distance set by Customer. If the market ask price then decreases, the trailing stop price will remain fixed at its last position and if the market ask price reaches the trailing stop price, the order will be executed. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the trailing stop order and as such, trailing stop orders are not guaranteed to take effect at the fixed distance for which they are set.

Following submission of an order, it is your sole responsibility to remain available for order and fill confirmations, and other communications regarding your Account until all open orders are completed. Thereafter, you must monitor your Account frequently when you have open positions in the Account.

Your order shall be valid in accordance with the type and time of the given order, as specified. If the time of validity or expiration date/time of the order is not specified, it shall be valid for an indefinite period.

Terms of Acceptance for Orders

It is your sole responsibility to clearly indicate the terms of an order when entered, whether it is a market order, limit order, stop loss order or any other type of order, including the relevant price and lot size. You acknowledge and agree that, despite our best efforts, the price at which execution occurs may be materially different to the price specified in your order. This may result from sudden price movements in the underlying assets that are beyond our control. The Company shall have no liability for failure to execute orders. The Company shall have the right, but not the obligation, to reject any order in whole or in part prior to execution, or to cancel any order, where your Account contains margin that is insufficient to support the entire order or where such order is illegal or otherwise improper.

Execution Policy

Where you place order with us, the execution factors that we consider, and their relative importance is set below:

- a. Price.** The relative importance we attach is “high”.
- b. Speed.** The relative importance we attach is “high”.
- c. Likelihood of execution and settlement.** The relative importance we attach is “high”.
- d. Size.** The relative importance we attach is “high”.

It is the Company’s approach to take all sufficient steps to obtain the best possible result on behalf of its clients when executing orders or financial instruments offered by the Company or receiving and transmitting orders for execution.

For determining the importance of the execution factors indicated above, the following criteria are also taken into consideration:

- The characteristics of the client
- The characteristics of the client order
- The characteristics of the financial instruments that are subject to that order
- The characteristics of the execution venues to which that order can be directed

Cancellation of trades

We have the right to reject an order or to cancel a trade if we have evidence on:

1. fraud/illegal actions that led to the transaction;
2. any instance when the Company has cause to believe that a person's trading activities may be illegal;

3. any instance where The Company may suffer any fiscal, regulatory, or pecuniary disadvantage by virtue of anyone's activities;
4. any instance where one or more transactions are judged by the Company to have been performed in violation of this Agreement;
5. orders placed based on manipulated prices as a result of system errors or system malfunctions;
6. arbitrage trading on prices offered by our platforms as a result of systems errors; and
7. coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates.

We reserve the right to cancel any and/or all trading positions and withhold and/or forfeit any profits incurred by the Customer on all the Customer's trades if we consider that the Customer has engaged in market Arbitrage.

Authority

We shall be entitled to act for you upon instructions given or purporting to be given by you or any person authorised on your behalf without further enquiry as to the genuineness, authority or identity of the person giving or purporting to give such instructions provided such instruction is accompanied by your correct Account number and password. If your Account is a joint account, you agree that we are authorized to act on the instructions of any one person in whose name the Account is held, without further inquiry. We shall have no responsibility for further inquiry into such apparent authority and no liability for the consequences of any actions taken or failed to be taken by us in reliance on any such instructions or on the apparent authority of any such persons.

Cancellation/withdrawal of instructions

Non-market orders may be cancelled via the Company Online Trading System, but we can only cancel your instructions if you explicitly request so, provided that we have not acted up to the time of your request upon those instructions. Executed instructions may only be withdrawn or amended by you with our consent. The Company shall have no liability for any claims, losses, damages, costs or expenses, including legal fees, arising directly or indirectly out of the failure of such order to be cancelled.

Right not to accept orders

We may, but shall not be obliged to, accept instructions to enter into a Transaction. If we decline to enter into a proposed Transaction, we shall not be obliged to give a reason, but we shall promptly notify you accordingly.

Control of orders prior to execution

We have the right (but not the obligation) to set limits and/or parameters to control your ability to place orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added to by us at our absolute discretion and may include (without limitation):

- a. controls over maximum order amounts and maximum order sizes;
- b. controls over our total exposure to you;
- c. controls over prices at which orders may be submitted (to include (without limitation) controls over orders which are at a price which differs greatly from the market price at the time the order is submitted to the order book);
- d. controls over the Electronic Services (to include (without limitation) any verification procedures to ensure that any particular order or orders has come from you); and/or
- e. any other limits, parameters or controls which we may be required to implement in accordance with Applicable Regulations.

Trade Adjustments

Customers must be aware that Foreign exchange transactions carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign currency so that transactions are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds that the Customer has deposited or will have to deposit. This may work against as well as positively for the customer.

The Company exclusively reserves the right to widen its variable spreads, adjust leverage, change its rollover rates and/or increase the margin requirements without notice under certain market conditions including, but not limited to, when the trading desk is closed, around fundamental announcements, as a result of changes in credit markets and/or at times of extreme market volatility.

Execution of orders

We shall use our reasonable endeavors to execute any order promptly, but in accepting your orders we do not represent or warrant that it will be possible to execute such order or that execution will be possible according to your instructions. If we encounter any material difficulty relevant to the proper carrying out of an order on your behalf we shall notify you promptly.

Improper or Abusive Trading

The Company's objective is to provide the most efficient trading liquidity available in the form of streaming, tradable prices for most of the financial instruments we offer on the trading platform. As a result of the highly automated nature of the delivery of these streaming, tradable prices, you acknowledge and accept that price misquotations are likely to occur from time to time.

Should you execute trading strategies with the objective of exploiting such misquotation(s) or act in bad faith (commonly known as 'sniping'), The Company shall consider this as unacceptable behavior. Should the Company determine, at its sole discretion and in good faith, that you or any representative of yours trading on your behalf is taking advantage, benefitting, attempting to take advantage or to benefit of such misquotation(s) or that you are committing any other improper or abusive trading act such as for example:

- a.** fraud/illegal actions that led to the transaction;
- b.** orders placed based on manipulated prices as a result of system errors or system malfunctions;
- c.** arbitrage trading on prices offered by our platforms as a result of systems errors;
- d.** and/or coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates.

Then the Company will have the right to

- a. adjust the price available to you; and/or
- b. remove the illicit profit without the clients initial deposit been affected;
- c. restrict your access to streaming, instantly tradable quotes, including providing manual quotation only; and/or
- d. obtain from your account any historic trading profits that you have gained through such abuse of liquidity as determined by us at any time during our trading relationship; and/or
- e. reject an order or to cancel a trade; and/or
- f. immediately terminate our trading relationship.

Prohibited Trading

No employee and/or former employee who currently works or used to work on a full time or part time basis for the Company or any of its related entities shall, during the term of the employee and/or former employee's service to the Company or any of its related entities and after termination of service become a client of any brand of the Company (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without the Company's prior written approval. Should the Company consider that the employee and/or former employee is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the employee and/or former employee's trading account(s) and all open positions shall be closed immediately, and any funds held within the account shall be confiscated.

No business associate or former business associate of the Company or any of its related entities shall, during the period of the agreement between the associate/former business associate and the Company and after termination of such agreement, become a client of any brand of the Company (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without the Company's prior written approval. Should the Company consider that the associate/former business

associate is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party.

We shall consider all the trading to be abusive and/or improper trading. In such circumstances the relevant associate/former business associate's trading account(s) and all open positions shall be closed immediately, and any funds held within the account shall be confiscated.

Disabling and Cancelling Deposits

We have the right not to accept funds deposited by you and/or to cancel your deposits in the following circumstances:

- a. if you fail to provide the Company with any documents it requests from you either for client identification purposes or for any other reason;
- b. if the Company suspects or has concerns that the submitted documents may be false or fake;
- c. if the Company suspects you are involved in illegal or fraudulent activity;
- d. if the Company is informed that your credit or debit card (or any other payment method used) has been lost or stolen;
- e. where the Company considers that there is a chargeback risk; and/or
- f. when you deposit \$10,000 or more or if you make over 10 separate deposits to your trading Accounts and the Company is unable to verify your credit or debit card details or is unable to verify any other payment method used.

In case of cancelled deposits, and if there is not a confiscation of your funds by a supervisory authority on the grounds of money laundering suspicion or for any other legal infringement, your funds will be returned to the bank account that have been initially received.

Performance and settlement

You will promptly deliver any instructions, money, or documents deliverable by you under a Transaction in accordance with that Transaction as modified by any instructions given by us.

Position limits

We may require you to limit the number of open positions which you may have with us at any time and we may in our sole discretion close out any one or more Transactions in order to ensure that such position limits are maintained.

Trailing Stop functionality in case that Match Trade terminal is closed

In the event that the Match Trade terminal is closed, trailing stop will not work. This happens as the trailing stop works on the client terminal side and in this respect, if the client terminal is closed, only the stop loss that was placed by trailing stop before the closing of the terminal can trigger.

Withdrawals

Please refer to our Withdrawal Policy which can be found on our website.

10. COPY TRADING

10.1 The Company gives you the opportunity to use the Copy Trading Services through its platform. By using the Copy Trading Service, the Company provides you with the ability to interact, follow and copy other traders' strategies and/or portfolios by using the information, as they are provided in the Company's platform.

10.2. Copy Trading is a trading functionality which allows you to copy the trades placed by other clients. By placing a copy order, you authorize the Company to automatically recreate this trade for you in your trading account without any prior consultation, consent, or approval.

10.3. In order to proceed and use the Copy Trading feature, the Client should bear in mind all aspects and factors including, but not limited to, the risk nature of the copied account and investment.

10.4 The Company does not provide investment advice, nor does it provide any personalized investment recommendations and/or advise the Client on the merits of any investments, either with respect to the Copy Trading services or any service.

10.5. The Company takes no responsibility or liability, of any kind, regarding any technical issues that may arise during the copy trading process, including but not limited to any potential profits or losses that may occur by using this service.

10.6. The Client is responsible for conducting his/her own due diligence prior to engaging in copy trading and understands that any losses incurred are the Client's sole responsibility.

10.7. The client is solely responsible for his/her own trading decisions regarding who he/she may follow and/or decide to copy any trades from and the Company will not be held responsible or liable for any losses that may result from those decisions.

10.8. The client is solely responsible for monitoring and/or checking his/her own trades and/or copy trades, which may be opened or closed while engaging in copy trading

services/features of the Company and the Company will not be held responsible or liable for any losses that may result from those decisions and/or actions and/or omissions.

10.9. In deciding to Copy a specific trader or traders, strategy and/or portfolio, the Client understands that by using Copy Trading Services is highly speculative and that he/she can sustain significant losses exceeding the amount used to copy a trader or traders.

10.10. The Client needs to understand the Risks Associated with Copy Trading Services, including but not limited to, automated trading execution, whereby the opening and closing of trades will happen in the Client's account without the Client's manual intervention, unless the Client chooses to close the copy trade and take decisions independently from the master trader. The Company reserves the right, at its absolute discretion, to close any or all Open Position(s) of a Strategy Provider at any time and the Investor's Account shall be adjusted accordingly.

10.11. The Company wants to point out the risks associated in making a decision to copy a specific trader or traders. The Client needs to understand that copy trading is highly speculative, and that the Client can sustain significant losses. If the Client manually modifies or closes an order generated by the copy trading functionality, he/she may achieve a materially different result than the trader that the Client copied. In addition, if the Client is copying all trades which are currently open, he/she will open his/her position(s) at the best available price at the time of copying and not the price at the time which the trade being copied was originally opened. Also, cash-out and withdrawals placed by the copied trader when he/she is using the copy trading functionality may also generate a materially different result than the trader that he/she copied, as it may affect the copy trading proportions. This is due to a number of different factors, including starting account balance, minimum trade size, the Client's account settings, differences in spread, interest and investment price at time of investment, and also the difference in fees that may be incurred. There is always the danger of following/copying the trading decisions of inexperienced and/or unprofessional traders and following/copying traders whose ultimate purpose or intention, or financial status may differ from the Client. The Client should be very careful by following and/or copying traders who trade products restricted as a result of Applicable Law.

10.12. The Company cannot provide any guarantee as to the performance of any particular investment, account, portfolio or strategy.

10.13. The Company cannot guarantee that the Client will achieve profits or losses similar to those shown on the platform of the traders that he/she is copying. The Company also does not represent or guarantee that the risk score of a trader will accurately reflect the risk of their future performance.

10.14. The Company will not be liable to a Client for any damages, loss, cost, claim, demand or expense that he/she suffers (including loss of profits or any indirect or consequential losses) resulting from a Price Error and/or Copy Trading Error, including where the price error or copy trading error is made by any information source or from the Company's decision to do anything under any Clause of this Client Agreement, except to the extent that it is caused by the Company's own fraud, willful default, or gross negligence.

10.15. The Client herewith acknowledges, understands, accepts, and agrees that the copy trading functionality does not apply to Close By and Partially Close options of trades and/or positions and that you are solely responsible for monitoring and/or checking your own trades and/or copy trades, which may be opened or closed while engaging in copy trading services/features of the Company and the Company will not be held responsible or liable for any losses that may result from those decisions and/or actions and/or omissions.

10.16. The Company's Lead Traders may be copied by test accounts of the Company from time to time, at the sole discretion of the Company, for the purpose of product evaluation and testing. In such instances, where the copied trades originate from test accounts of the Company, Leaders will not be entitled to receive any auto-copy premium. The Company reserves the right to disclose relevant information to the Lead Traded, if this is deemed necessary.

11. CLIENT MONEY

Client Money

We treat money received from you or held by us on your behalf in accordance with the requirements of the Client Money Rules.

Interest

You, the client, acknowledge and confirm that no interest will be received on the balance of your account.

Overseas banks, intermediate broker, settlement agent or OTC counterparty

We will endeavor to hold client money on your behalf within our primary jurisdiction; however, we may also hold your money in other jurisdictions as applicable by the company's structure. The legal and regulatory regime applying to any such bank or person will be different from the legal and regulatory regime in our primary jurisdiction and, in the event of insolvency or any other analogous

proceedings in relation to that bank or person, your money may be treated differently from the treatment which would apply if the money was held with a bank in an account in our primary jurisdiction. We will not be liable for the insolvency, acts, or omissions of any third party referred to in this clause.

Unclaimed client money

You agree that we may cease to treat your money as client money if there has been no movement on your balance for six years. We shall write to you at your last known address informing you of our intention of no longer treating your balance as client money and giving you 28 days to make a claim.

Liability and Indemnity

You agree that we shall not be liable for any default of any counterparty, bank, custodian or other entity which holds money on your behalf or with or through whom transactions are conducted.

The Company will not be liable for loss suffered by you in connection to your funds held by us, unless such loss directly arises from our gross negligence, willful default or fraud.

12. MARGINING ARRANGEMENTS

You may be required to make further variable payments by way of margin against the purchase price of the investment, instead of paying (or receiving) the whole purchase (or sale) price immediately. The movement in the market price of your investment will affect the amount of margin payment you will be required to make. You need to monitor your margin levels on a daily basis.

Margin call

You agree to pay us on demand such sums by way of margin as are required from time to time as we may in our discretion reasonably require for the purpose of protecting ourselves against loss or risk of loss on present, future or contemplated Transactions under this Agreement.

Failure to meet margin call

Please note that in the event that you fail to meet a margin call, we may immediately close out the position.

Set-off on default

If there is an Event of Default or this Agreement terminates, we shall set-off the balance of cash margin owed by us to you against your obligations (as reasonably valued by us). The net amount, if any, payable between us following such set-off, shall take into account the Liquidation Amount payable under Clause 14 (Netting).

Further assurance

You agree to execute such further documents and to take such further steps as we may reasonably require perfecting our security interest over and obtain legal title to the Secured Obligations.

Negative pledge

You undertake neither to create nor to have outstanding any security interest whatsoever over, nor to agree to assign or transfer, any of the cash margin transferred to us, except a lien routinely imposed on all securities in a clearing system in which such securities may be held.

General lien

In addition, and without prejudice to any rights to which we may be entitled under this Agreement or any Applicable Regulations, we shall have a general lien on all cash held by us or our Associates or our nominees on your behalf until the satisfaction of the Secured Obligations.

15. NETTING

Rights on Default

On the occurrence of an Event of Default, we may exercise our rights under this clause, except that in the case of the occurrence of any Event of Default specified in Clause 14 of the definition of Events of Default (each a "**Bankruptcy Default**"), the automatic termination provision of this clause shall apply.

Liquidation Date

Subject to the following sub-clause, at any time following the occurrence of an Event of Default, we may, by notice to you, specify a date (the "**Liquidation Date**") for the termination and liquidation of Transactions in accordance with this clause.

Automatic termination

The date of the occurrence of any Bankruptcy Default shall automatically constitute a Liquidation Date, without the need for any notice by us and the provisions of the following sub-clause shall then apply.

Calculation of Liquidation Amount

Upon the occurrence of a Liquidation Date:

neither of us shall be obliged to make any further payments or deliveries under any Transactions which would, but for this clause, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Liquidation Amount (as defined below);

ii we shall (on, or as soon as reasonably practicable after, the Liquidation Date) determine (discounting if appropriate), in respect of each Transaction the total cost, loss or, as the case may be, gain, in each case expressed in the Base Currency specified by us in writing or (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, cost, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or reestablishing of any hedge or related trading position) as a result of the termination, pursuant to this Agreement, of each payment or delivery which would otherwise have been required to be made under such Transaction (assuming satisfaction of each applicable condition precedent and having due regard, if appropriate, to such market quotations published on, or official settlement prices set by the relevant exchange as may be available on, or immediately preceding, the date of calculation); and

iii we shall treat each cost or loss to us, determined as above, as a positive amount and each gain by us, so determined, as a negative amount and aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency (the “**Liquidation Amount**”).

Payer

If the Liquidation Amount determined pursuant to this clause is a positive amount, you shall pay it to us and if it is a negative amount, we shall pay it to you. We shall notify you of the Liquidation Amount, and by whom it is payable, immediately after the calculation of such amount.

Other transactions

Where termination and liquidation occur in accordance with this clause, we shall also be entitled, at our discretion, to terminate and liquidate, in accordance with the provisions of this clause, any other transactions entered into between us which are then outstanding.

Payment

The Liquidation Amount shall be paid in the Base Currency by the close of business on the Business Day following the completion of the termination and liquidation under this clause (converted as required by applicable law into any other currency, any costs of such conversion to be borne by you, and (if applicable) deducted from any payment to you). Any Liquidation Amount not paid on the due date shall be treated as an unpaid such amount and bear interest, at the average rate at which overnight deposits in the currency of such payment are offered by major banks in the London interbank market as of 11.00 am (London time) (or, if no such rate is available, at such reasonable rate as we may select) plus one (1%) per annum for each day for which such amount remains unpaid.

Base Currency

For the purposes of any calculation hereunder, we may convert amounts denominated in any other currency into the Base Currency at such rate prevailing at the time of the calculation as we shall reasonably select.

Payments

Unless a Liquidation Date has occurred or has been effectively set, we shall not be obliged to make any payment or delivery scheduled to be made by us under a Transaction for as long as an Event of Default or any event which may become (with the passage of time, the giving of notice, the making of any determination hereunder, or any combination thereof) an Event of Default with respect to you has occurred and is continuing.

Additional rights

Our rights under this clause shall be in addition to, and not in limitation or exclusion of, any other rights which we may have (whether by agreement, operation of law or otherwise).

Application of netting to Transactions

This clause applies to each Transaction entered into or outstanding between us on or after the date this Agreement takes effect.

Single agreement

This Agreement, the particular terms applicable to each Transaction entered into under this Agreement, and all amendments to any of them shall together constitute a single agreement between us. We both acknowledge that all Transactions entered into on or after the date this Agreement takes effect are entered into in reliance upon the fact that the Agreement and all such terms constitute a single agreement between us.

16. RIGHTS ON DEFAULT

Default

On an Event of Default or at any time after we have determined, in our absolute discretion, that you have not performed (or we reasonably believe that you will not be able or willing in the future to perform) any of your obligations to us, in addition to any rights under the Clause 15 (Netting) we shall be entitled, without prior notice to you:
